WORK EXPERIENCE

Software Developer - Intern **Royersford, PA**
Proconex *April 2025 - Current*
- Designed reusable dialog components in Angular, reducing duplicate code by 60% and improving UI consistency across 4+ modules
- Engineered C# REST API + Angular UI for IoT device scheduling, enabling non-technical users to configure monitoring intervals with backend services executing automated scans
- Refactored a core search feature, reducing query wait times up by up to 80% and significantly improving overall responsiveness

UI/UX Engineer - Frontend **Philadelphia, PA**
Impact Six, LLC *February 2024 - Current*
- Developed interactive, reusable UI components using React and Storybook, improving user experience, accessibility, and design consistency across applications
- Integrated front-end with backend APIs (Laravel, Next.js) using TypeScript, enhancing data flow efficiency and improving overall application performance by 85%
- Optimized state management using React App Providers, facilitating seamless feature integration and improving application scalability
- Contributed to project stability through Git version control, managing pull requests, branch workflows, and resolving merge conflicts to maintain code integrity

UI/UX Engineer - Frontend **Philadelphia, PA**
Hermae Inc. *April- September 2024*
- Developed a Slack integration within the Hermae API, enabling access to teams' AI guidance within Slack
- Architected a REST API with Node, Express, and PostgreSQL, to handle data and support the frontend
- Authored and executed migration scripts to update database schemas in response to evolving requirements

PROJECTS

Moonrise App - Multiplatform application **Philadelphia, PA**
Kraven Works LLC *August 2025 - Current*
- Engineered and deployed a cross-platform React Native app integrating Firebase, real-time audio streaming, and motion-driven UI, ensuring robust performance, and maintainability
- Deployed to TestFlight with a 95% crash-free rate across 30+ beta testers

EDUCATION

Drexel University Philadelphia, PA
BS in User Experience & Interaction Design Anticipated Graduation: June 2027
